

THE VENTURI

The **VENTURI** has become the new market leader in terms of elegance and luxury in the home lift market. It is a high specification iteration of our residential lift in some ways, but the design has been so greatly overhauled that it fits into an ultra-luxurious class of its own.

A wide choice of colours, finishes, and styles makes the VENTURI easier than ever to tailor a lift to suit your home. With no requirement for a wall, construction work is minimal and the lift can be fitted practically anywhere in your home.

The VENTURI means luxury and elegance in a compact, practical package.

Elegant  
Luxurious  
Stylish

Simplicity  
Excellence  
Creativity
